Hi David,

I apologize, I have not yet sent out the 308. I have been extremely busy. I will draft it this week.

**Subject:** FW: DC Aquaduct

Mr. Seligman,

Is there any update on the 308 information request letter that was being prepared for the Washington Aqueduct (NPDES # DC0000019)? Any information will be helpful.

Thank you,

**David Pilat**

**Subject:** DC Aquaduct

Mr. Seligman,

The information DOEE would like to receive from the Aqueduct is as follows:

- Please provide an estimated amount of solids that have been deposited, dredged or accumulated in Georgetown Sedimentation Basin #1 and #2 since the completion of cleaning in February 2015.
- Please provide a status update on modifications or improvements made to the sediment removal barges to ensure adequate removal of solids deposited in the Georgetown Sedimentation Basins.

Thank you,

**David Pilat**
